

FINANCIAL LITERACY CLASS

Join us for our no-cost financial literacy class and get a better understanding of different financial concepts, such as banking, goal setting, budgeting and saving, and credit.

BANKING

This course will introduce learners to basic concepts of banking and financial institutions. This course will cover topics such as; Checking and savings accounts, ATM's, banking alternatives, and online and mobile banking. At the completion of this course, learners will gain a better understanding of financial institutions and the various services they have to offer.

GOAL SETTING

This course will introduce learners to the basic concepts of developing SMART Goals. This course will cover topics such as; identifying what you are working towards, writing out goals, and developing SMART goals. At the end of this course, learners will gain a better understanding of SMART Goal setting and how to meet those designed goals.

BUDGETING & SAVING

This course will introduce learners to the basic concepts of creating a budget and saving money. This course will cover topics such as; saving money, assessing bills and income, creating a budget and best practices for money management. At the end of this course, learners will gain a better understanding of creating a budget and prioritizing savings.

CREDIT

This course will introduce learners to the basic concepts of consumer credit. This course will cover topics such as; what is credit, your credit score and report, applying for credit and consumer loans and credit cards. At the end of this course, learners will gain a better understanding of using credit wisely and how to leverage and protect their consumer credit.
